Secure Your Posts With Simpson Strong-Tie
Rebar Carport Saddles (RCPS) from Simpson Strong-Tie are ideal for anchoring posts to concrete and may be installed in wet set concrete or retro-fitted using an anchoring adhesive. These saddles are hot-dipped galvanized and rated for outdoor use. Available in a variety of sizes including 4x4 and 6x6 posts.

Facts On Deck Fasteners
Fasteners used in deck building have corrosion resistance to face the elements but are also designed to resist chemical reaction with wood preservatives. Reliable deck screw fasteners now provide 20 times more corrosion-resistance than the original yellow zinc fasteners which dramatically increases durability.

Financing provided by CitiFinancial Canada, Inc. and is subject to all the terms and conditions in your cardholder agreement and the credit promotional plan disclosure statement (collectively the "Account Agreement"). Finance Charges will accrue on the purchase from the beginning of the credit promotional period of 6 months, but no minimum payments will be due during the credit promotional period. However, if you pay the purchase price in full by the expiration date of the credit promotional period, all of the accrued Finance Charges will be waived and no Finance Charges will be assessed on the purchase. Otherwise, if you choose to not pay the purchase price in full by the expiration date of the credit promotional period, all of the accrued Finance Charges will be assessed at that time. On termination or expiry of the credit promotional plan (or for purchases that are not part of the credit promotional plan), the standard APR of 99.99% and the terms of the regular credit plan will apply to all outstanding balances owing. This offer cannot be used for previous purchases and cannot be combined with any other offers, promotions or special incentive programs. Certain terms and conditions apply. See store and Account Agreement for further information.
